

ST JOHN'S STONEFOLD CE PRIMARY SCHOOL

KS1 SPRING 2 HOMEWORK GRID

Please read your reading book 3x a week!

In science, we are learning all about seasonal changes.
I would like you to go on a walk around your local area and spot any signs of Spring that you can see!

Can you draw them and bring your findings in for our show and tell?

We are learning all about Safari in our Geography lessons this half term.

Can you research your favourite safari animal, gather some facts, label a drawing and bring it in to show me!

I wonder if your favourite is my favourite too!

In English, we are going to be finding out more information about family events, for example, a wedding, a baptism or a birthday party.

Have you been to a family event before?
I wonder if you could bring in a memento from one of these events to bring into school and show everybody.

Please can you practise your spellings each week by writing them down three times over.

What did you get up to in the half term holidays?

Can you write a recount of your half term holidays?

I can't wait to read all about your exciting memories!

In science, we will be looking closely at the weather patterns in our local area.

Can you complete your own weather record chart?

(attached on following page)
